

# JUAN PABLO PARDO PÉREZ

Artificial Intelligence Engineer

## ABOUT ME

I have been passionate about technology since I was a child and in my journey towards becoming the developer I am today, I have won numerous distinctions both in the technological field and in others, as well as participated in numerous projects as a Freelancer and in other companies. I am a very detail-oriented, dedicated person. I put effort into leadership and teamwork and I have a constant desire to learn to skills and integrate them into my projects.
